

HIVES FOR LIVES

The Wonder Product

Here at Rowse we know that honey is a wonder product the world can't live without. That's why it's essential and important we do as much as we can to help protect and save the incredible honey bees. Rowse Hives For Lives is a programme of vital initiatives that protects the bees and improves livelihoods through beekeeping.

Bee A Bee Farmer

The Rowse and Bee Farmers Association apprenticeship scheme to help inspire, recruit and train the next generation of young British beekeepers.

The Sussex Plan

Rowse sponsor a programme at the University of Sussex that funds vital research into bee health and the protection of honey bees.

Bees For Development

This programme aims to offer a sustainable pathway out of poverty by supporting communities in Ethiopia to earn income from honey.

FEED THE BEES
